Autumn 2020 - Edition 27

Version 2, 15 August 2020

WELCOME EVERYONE

Theme – Sea Shores and Harbours

Please note, **we will be meeting at 7pm on Thursday evenings this term**, we hope throughout the term, to allow us to use the big hall, for Covid-safe distancing.

Obviously, all events are subject to Covid developments, but we're taking a positive view. Some of our members have for very good reasons decided to wait a further term before restarting, so we look forward to seeing them back with us in January, or later this term if they feel it becomes safe enough to do so.

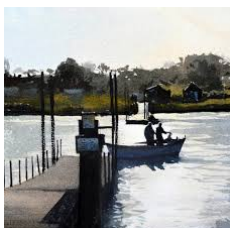

Sep 10th: Intro to the term's theme

Elaine will briefly introduce the theme, after which it will be Own Project work.

Also, subs will fall due (£28, cheques payable to Solent Art Society) please.

Sep 17th: Own project

Sep 24th: George Boyter demo on Tonal Values

AGM Preparation:

To help those members who are shielding in particular, please let us have all nominations for committee positions, and agenda items/questions **by the end of George's demo on the 24th**, so Steve can circulate by email, and get responses in time for the AGM.
