Summer 2021 - Edition 28

Version 1, 1 April 2021

WELCOME EVERYONE

Theme – Exhibition Preparation!

Members will understand that it is very difficult to plan with any certainty in the current climate, but here is what we're aiming for, subject to further announcements by the government and from LOSCA about opening their premises.

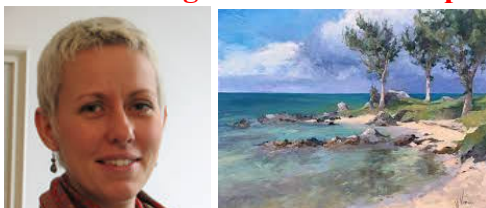

However, we do plan to run, not one, but two exhibitions of members' work, so our focus is on getting work ready for these.

We do hope to be able to see most of you face to face, if only outdoors, at some point during the term.

Please note, **we will be back to meeting at 7pm on our usual Wednesday evenings this term.**
